PRODUCT DESCRIPTION

The FITÉO ultra-thin tray in thermo-compressed resin is one of the thinnest on the market with a thickness of only 26 mm. This reduces the jump to a minimum to make the shower easily accessible.

Very light, it is easy to install and offers 3 installation configurations: recessed, installed or raised.

Thanks to its PN24 non-slip surface, the FITÉO shower tray ensures maximum safety for users.

Cuttable and available in 13 sizes, it adapts to any space.

FITÉO is available in 2 colors (white and grey) and is sold with a drain cover.
