

TECHNICAL SHEET

SEALING KIT

801912

PRODUCT DESCRIPTION

The waterproofing kit is a set specially designed to ensure optimal waterproofing of your recessed shower tray. It consists of a self-adhesive soft strip, pre-shaped corners and a uncoupling cord, guaranteeing easy and quick installation. Resistant over the long term, and adaptable to different bathroom spaces, the kit allows a total hermetic protection dedicated to the built-in tray. Compatible with many brands of trays.
