

PVC CURTAINS

White

804090 - €20.81 (PPHT)

PRODUCT DESCRIPTION

The white PVC shower curtain is the essential accessory to avoid splashes.

The PVC shower curtain is opaque, providing complete privacy while allowing light to filter through to avoid an overly dark ambience in your shower or bathtub.

The leaden bottom of the curtain in 180 cm keeps it in place.

The 200 cm curtain has a cut bottom.

To complete the installation of your shower curtain, white plastic rings are included.
