

TECHNICAL SHEET

STRAIGHT BAR Ø 32 MM

Chrome plated

381936

PRODUCT DESCRIPTION

The 32 mm diameter mirror-polished chrome-plated brass grab bar can be installed in a shower or bathtub area. It can be positioned vertically, horizontally or 135°.

It allows you to cross the step of a tray or the edge of a bathtub (in an upright position only), to keep your balance in a standing or sitting position, to get up and to transfer from one support to another.

Brass, a noble and resistant material, will coordinate perfectly with your taps.

The bases and fixing covers are made of shiny chrome-plated synthetic resin.

PRODUCT ADVANTAGES
