

TECHNICAL SHEET

STRAIGHT BAR Ø 30 MM

Brushed

049580

PRODUCT DESCRIPTION

The brushed stainless steel grab bar with a diameter of 30 mm can be installed in a shower or bathtub area.

It can be positioned vertically, horizontally or 135°. It allows you to cross the step of a tray or the edge of a bathtub (in an upright position only), to keep your balance in a standing or sitting position, to get up and to transfer from one support to another.

304 stainless steel provides excellent corrosion resistance and durability even in the wettest conditions. The fixing covers are made of matt chrome-plated polymer.
