

ROUND LUMINOUS MAGNIFYING MIRROR

005582

PRODUCT DESCRIPTION

This mirror is perfect for all your beauty and self-care routines. Thanks to its 3x magnification, it allows unparalleled precision for make-up, hair removal or skincare application. The intuitive Smart Tech Blue touch sensor makes it easy to use, allowing you to choose between warm and cool light according to your preference. Operating on a 220-240V power supply, this mirror combines advanced technology with sleek design to fit seamlessly into any modern bathroom. With this mirror, every detail counts, giving you an exceptional care experience every time you use it.
