

ELECTRIC ADJUSTABLE WASHBASIN SUPPORT

052210

PRODUCT DESCRIPTION

The electric adjustable washbasin support is a practical piece of equipment for your bathroom.

Its height is electrically adjustable with a remote control, offering a travel of 300 mm.

The remote control can be installed on the right or left, depending on your convenience.

This stand comes with a 560 x 680 mm mirror and a white frame.

It is designed to fit any type of ceramic or synthetic resin washbasin, with a centre distance of between 180 and 370 mm and a maximum washbasin width of 700 mm.
