## CHANGING TABLE

Grey

878380

### PRODUCT DESCRIPTION

The wall-mounted changing table is an ideal piece of equipment for public buildings. Standard EN 12221. Made of high-strength polyethylene (HDPE), it ensures exceptional durability while being lightweight. With a minimum footprint of only 140mm when folded, it is ideal for tight spaces. Its pneumatic shock absorber allows for smooth opening and closing, ensuring convenient and safe use. Practical, it is equipped with side handles for hanging bags, giving you easy access to your essentials during changing. It also has a seat belt to hold the baby securely.
