

DIEPPE WASHBASIN PLAN

White

052629

PRODUCT DESCRIPTION

The DIEPPE corner washbasin is specially designed to meet the needs of people with reduced mobility (PRM), making it an ideal choice for shared spaces. With dimensions of 430 x 330 mm and a depth of 90 mm, this optimised washbasin allows for comfortable use while maximising the available space. It is made of composite material, a mixture of marble powder and synthetic resin (meeting the NF EN 14688 standard). Its smooth, non-porous Gel-Coat coating ensures ease of cleaning and resistance to scratches and temperatures up to 95°. It is equipped with a front skirt and a backsplash to limit splashing. It is available with or without overflow and can be delivered with a centered hole, on the right or left for the faucet or without a hole, depending on your preferences (to be defined when ordering). It is possible to order this washbasin without the rear shelf, allowing easy adaptation to your environment. It is sold without taps or drain drains, giving you the freedom to choose the accessories that suit your needs and style.

PRODUCT ADVANTAGES

EASY TO CLEAN

PRM COMPLIANCE
