

BREST WASHBASIN TOP

White

052620

PRODUCT DESCRIPTION

The BREST washbasin countertop is specially designed to meet the needs of people with reduced mobility (PRM), making it an ideal choice for shared spaces. It is available in several sizes ranging from 700 mm to 2100 mm, with the choice between one or two moulded washbasins without soudure. Son offset design offers better access to the washbasin while optimising space. It is made of composite material, a mixture of marble powder and synthetic resin (meeting the NF EN 14688 standard). Its smooth, non-porous Gel-Coat coating ensures ease of cleaning and resistance to scratches and temperatures up to 95°. It is equipped with a front skirt and a splash guard. It is also equipped with side cheeks. This washbasin is available with or without an overflow and can be delivered with a hole on the right or left for the taps or without a hole, depending on your preferences (to be defined when ordering). It is sold without taps or drain drains, giving you the freedom to choose the accessories that suit your needs and style.

PRODUCT ADVANTAGES

EASY TO CLEAN

PRM COMPLIANCE
