

TECHNICAL SHEET

BONDE VASQUE À ÉCOULEMENT LIBRE AVEC GRILLE

Chrome plated

052355

PRODUCT DESCRIPTION

The free-flowing drain with grate ensures continuous water drainage, ideal for basins without overflow.

With a height of 40 mm and a lock nut of the same height, it guarantees a compact and fast installation.

Without a lantern, it allows a direct flow while being protected by a grid.

Its 63 mm diameter with 1"1/4 thread ensures compatibility with standard washbasins.
