SIPHON DESIGN ECO_X000D_

White

052358

PRODUCT DESCRIPTION

The Eco design siphon made of white polypropylene offers a cost-effective and discreet solution for waste water disposal. With a 120mm inlet and 250mm outlet, it easily adapts to standard configurations.

Its 78 mm rosette ensures a clean finish on the wall.

Equipped with a water retention of 50 mm, it effectively prevents odors from rising.

Ø32 x 1"1/4 fitting compatible with common installations.
