

Product data sheet

Information

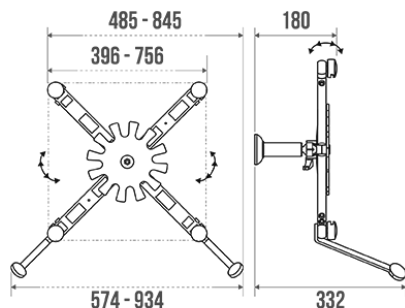

Designation	Multi-size swiveling support for mirror, 332 x 934 mm, White Synthetic resin
Reference	047590

Description

Simultaneous direction in every plane.
Adjustable according to mirror's dimensions : square mirrors from 400 x 400 mm to 700 x 700 mm, rectangular mirrors with diagonals from 500 to 1000 mm (the length should not exceed twice the width), rounds mirrors from Ø 500 mm to 1000 mm.
For mirrors from 4 to 6 mm thick.
Easy position adjusting system by notch disc.
Made of synthetic resin.

Wall fixings included.
Mirror not included.

Technical characteristics

Color	White
Dimensions	332 x 934 mm
Material	Synthetic resin
Gross weight	1.600 kg
Packaging	Cardboard box + Label
Made in France	yes
Maintenance	yes
Guarantee	10 years
Gencod	3563390475904
Custom code	3922900000
Technical sheet	S04759001_IND_07

Fixing and maintenance advices

Recommended height for the lower part of the mirror: 1,05 m. The mirror's support is correctly performing if it is fitted according to the instructions. The handle has to be used to orientate and tilt the mirror and in any case as a grab bar. Careful consideration and selection of the appropriate wall fixings according to the wall-mounted support is required to ensure the long life of your accessory. The use of stainless steel screws (Ø 4 mm) is highly recommended to prevent corrosion in damp

environment. Before drilling, physically hold the product against the wall at desired position and mark the hole locations. All the fixing points must be respected.
